C. ALTERNATES:

The Owner expressly reserves the right to reject the bid of any Bidder if such record discloses that such Bidder, in the opinion of the Owner, or his Design Professional, is not the best or most responsible and qualified Bidder or that Bidder has not properly performed its contracts or has habitually and without just cause neglected the payment of bills, or has otherwise disregarded his obligations to Subcontractors, material men, suppliers or employees.

Each bidder furthermore must make a careful examination of the site of the work and inform himself fully as to the difficulties to be encountered in the performance of the work, the facilities for delivering, storing and placing materials and equipment, and other conditions relating to construction and labor.
- B. No plea of ignorance of conditions that exist or may hereafter exist on the site of the work, or difficulties that may be encountered in the execution of the work, as a result of failure to make necessary investigations and examinations, will be accepted as an excuse for any failure or omission on the part of the successful Bidder to fulfill in every detail all the requirements of the Contract Documents and to complete the Work for the consideration set forth therein, or as a basis for any claim whatsoever from the Bidder. Bidder specifically waives any such claim(s).
- C. Insofar as possible, the Successful Bidder, in carrying out his work, must employ such methods or means as will not cause interruption of or interference with the Work of the Owner or any separate contractor. Necessary right-of-way permits, acquired by the Contractor, may be required for this construction.

A-9. BIDDER'S QUESTIONS, ADDENDA AND INTERPRETATIONS:

- A. Bidders and Sub-bidders shall promptly notify the Owner, prior to submission of their Bid, of any ambiguity, inconsistency or error which they may discover upon examination of the Bidding and Contract Documents or of the site and local conditions.

No interpretation of the meaning of the drawings, specifications or other contract documents will be made to any Bidder orally, nor may Bidder rely on any such pre-bid statements in completing his Bid.

- B. All questions concerning the project shall be submitted on or before **Thursday, September 1, 2011 at 3:00 PM**, in writing with date, company name and contact via e-mail, fax or mail to:

Neither the Design Professional nor the Owner will be responsible for any other explanations or interpretations of the proposed documents. Failure of any Bidder to receive any such addendum or interpretation shall not relieve any bidder from any obligation under his bid as submitted. All addenda so issued shall become part of the Contract Documents.
- D. Each Bidder shall ascertain prior to submitting his bid that he has received all Addenda issued, and he shall acknowledge receipt and inclusion in his proposal of all Addenda.

A-10. SECURITY FOR FAITHFUL PERFORMANCE:

The Successful bidder shall furnish and record in the official records of the county where the project is located a Performance Bond in an amount equal to one hundred percent (100%) of the Contract Sum as security for the faithful performance of this Contract and also a Labor and Material Payment Bond in an amount not less than one hundred percent (100%) of the Contract Sum, as security for the payment of all persons performing labor and furnishing materials under this Contract. Both the Performance Bond and Labor and Material Payment Bond shall be in the forms set forth in the Contract Documents and shall be written by sureties which are licensed to do business in the State of Florida, which are currently on the approved U.S. Treasury List of Sureties, which maintain an A+ rating with Best Insurance Guide, and are otherwise acceptable to the Owner. The Performance Bond and the Labor and Material Payment Bond shall be in separate instruments and shall be delivered to the Owner not later than the date of execution of the Contract. No work or mobilization may proceed until both bonds are executed and delivered to Owner.

A-11. TIME FOR COMPLETION AND LIQUIDATED DAMAGES FOR NON-COMPLETION:

The time for completion of this Contract and liquidated damage for non-completion within the stipulated time shall be as fixed in the Owner-Contractor Agreement.

A-12. LOCATION OF WORK:

A-13. LIABILITY INSURANCE AND WORKMEN'S COMPENSATION:

During the life of this Agreement, the Licensee shall provide, pay for, and maintain with companies satisfactory to the Authority, the types of insurance described herein. All insurance shall be from responsible insurance companies eligible to do business in the State of Florida. All Liability Policies shall provide that the Authority, the City of Tampa, and Hillsborough County are additional insured but solely in accordance with and subject to the indemnification provisions set forth in paragraph 20 above as to the operations of the Licensee under this Agreement and shall also provide the Severability of Interest Provision. The insurance coverage and limits required must be evidenced by properly executed Certificates of Insurance on forms which are to be approved by Licensor and furnished by the Authorized Representative of the insurance company shown in the Certificate with proof that he/she is an authorized representative thereof. In addition, certified, true and exact copies of all insurance policies required shall be provided the Authority if requested on a timely basis.

If at any time the Authority requests a written statement from the insurance company as to any impairments to the Aggregate Limit, the Licensee shall promptly authorize and have delivered such statement to the Authority. Licensee shall make up any impairment when known to it. The Licensee authorizes the Authority and its Insurance Consultant to confirm all information furnished the Authority, as to its compliance with its insurance carriers. As to the operations of the Licensee, all insurance coverage of the Licensee shall be primary to any insurance of self-insurance program carried by the Authority.

The acceptance of delivery to the Authority of any Certificate of Insurance evidencing the insurance coverage and limits required in the Agreement does not constitute approval or agreement by the Authority that the insurance requirements in the Agreement have been met or that the insurance policies shown in the Certificate of Insurance are in compliance with the Agreement requirements.

No operations under this Agreement shall commence at the site until the required Certificate of Insurance is received and has been approved by the Authority. Evidence of such insurance approval will be provided to Licensee by the Authority in a Notice to Proceed.

All of the required insurance coverage shall be issued as required by law and shall be endorsed, where necessary, to comply with the minimum requirements contained herein. Thirty (30) days prior written notice by certified or registered

mail shall also be given to:

**Ms. Jeanette Baker
Director of Finance & Administration
Tampa Sports Authority
4201 N. Dale Mabry Highway

as to cancellation of any policy and any change that will reduce the insurance coverage required in this Agreement except for the application of the Aggregate Limits Provisions.

Should at any time the Licensee not, in the opinion of the Authority, provide or maintain the insurance coverage required in this Agreement, the Authority may terminate or suspend this Agreement.

Use Insurance Service Office (ISO) policies, forms, and endorsements or broader where applicable.

A-16. RIGHT TO REJECT BIDS:

The Owner expressly reserves the right to reject any or all bids, to waive any informalities or minor irregularities in the bids received, and to accept that bid which in its judgment, best serves the interest of the Owner. Owner hereby retains full discretion to determine the responsiveness of the bid and Bidder's responsibility, character, fitness and experience to perform the Work.

- (b) Lack of signature by an authorized representative on the proposal form.

- (c) Failure to properly complete proposal.
- (d) Evidence of collusion among proposers. Any evidence of agreement or collusion among bidders and prospective bidders acting to illegally restrain freedom of competition by agreement to bid a fixed price, or otherwise, will render the bids of such bidders void.
- (e) Advance disclosures of any information to any particular bidder which gives that particular bidder any advantage over any other interested bidder, in advance of the opening of bids, whether in response to advertising or an informal request for bids, made or permitted by a member of the governing body of an employee or representative thereof, will operate to void all proposals of that particular bid solicitation or request.

- B. The bidder may request approval for substitutions after award of the contract in accordance with the provisions of Article 4.15 of the contract General Conditions. - B. For Unit Price bids, in the event of any discrepancies between the unit prices and the extensions thereof or the total bid amount, the unit prices shall govern. For Lump Sum bids, in the event of a discrepancy between the bid amount in writing and that in figures, the written value shall govern.
- C. Bids shall not contain any conditions, restatement or qualifications of work to be done, and alternate bids will not be considered unless called for. No oral bids or modifications will be considered.

A-19. MODIFICATION OR WITHDRAWAL OF BID:

- A. Bidders may request withdrawal of a posted sealed proposal prior to the scheduled bid opening time provided the request withdrawal is submitted to the Director of Purchasing in writing.
- B. Withdrawn bids may be resubmitted up to the time designated for the receipt of Bids provided that they are then fully in conformance with this Information for Bidders.
- C. Bid security, if any is required, shall be in an amount sufficient for the bid as modified or resubmitted.

A-20. DETAILED BID BREAKDOWN:

If the Owner or the Design Professional directs, the Bidder shall provide a detailed breakdown and internal job cost estimate of his bid acceptable to the Owner or the Design Professional. In addition to verifying accounting requirements, the breakdown may be used by the Owner to determine whether the Bidder has grossly misjudged the requirements of any area. Failure to provide the requested detailed breakdown may result in rejection of the bid proposal or, if after contract award, may be deemed a default or breach of the Contract.

A-21. AWARD OF CONTRACT:

The contract will be awarded to the lowest responsive and responsible Bidder, and whose bid is considered to be in the best interest of the Owner. The determination of the lowest responsive and responsible bidder may involve all or some of the following factors: price, conformity to specifications, financial ability to meet the contract, previous performance, facilities and equipment, availability of repair parts, experience, delivery promise, terms of payments, compatibility as required, other costs and other objectives and accountable factors which are reasonable. This determination will be in the sole discretion of the Owner and based upon the character, fitness, experience, history and financial status of the Bidder.

- A. The Lowest Bidder is determined by the aggregate amount of the prices set forth in the form of bid or the aggregate amount of the Base Bid, plus any Alternates selected by the Owner.

- B. A Responsive Bidder shall mean a Bidder who has submitted a bid which conforms, in all material respects, to the Bidding Documents.

 9. Whether the Bidder is in arrears to any Owner on debt or contract, or is a

defaulter on surety to any Owner.

10. Such other information as may be secured by the Owner or the Design Professional having a bearing on the decision to award the contract, to include, but not limited to:

 - d. Whether Bidder's contract on other projects has ever been terminated.

D. The purpose of the above is to enable the Owner to select the bid which is in the best interests of the Owner. The ability of the low Bidder to provide the required bonds will not of itself demonstrate responsibility of the Bidder.

E. The Owner reserves the right to defer award of this contract for a period of forty-five (45) days after the due date of bids. During this period time, the Bidder shall guarantee the prices quoted in his bid.

F. IDENTICAL TIE BID:

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids which are equal with respect to price, quality and services are received by the Authority for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. In order to have a drug-free workplace program, a business shall abide by the policies outlined in paragraph A – 25 below.

G. PARTIAL BID:

Bidders may submit partial bids for one or more items. Tampa Sports Authority reserves the right to award to multiple vendors.

- 1.1.19 SPECIFICATIONS: Descriptions, provisions and requirements, pertaining to method and manner of performing work, or to quantities and qualities of materials to be furnished under terms of the Contract.
- 1.2 EXECUTION, CORRELATION AND INTENT
- 1.2.1 The Contract Documents shall be signed in not less than four (4) copies by the OWNER and CONTRACTOR and each of which shall be deemed an original, but all of which shall constitute one and the same instrument. If either the OWNER or the CONTRACTOR or both do not sign the Contract Documents, then they shall be as described in Paragraph 1.1.1 and shall be identified by the OWNER'S REPRESENTATIVE.
- 1.2.2 By executing the Contract, the CONTRACTOR represents that he has visited the site, familiarized himself with the local conditions under which the Work is to be performed, and correlated his observations with the requirements of the Contract Documents. CONTRACTOR further represents that all Design Drawings and specifications contain some minor errors and discrepancies. Such errors and discrepancies shall not form the basis of any claim by CONTRACTOR for defective design or breach of any implied warranties as to fitness of plans or specifications against OWNER.
- 1.2.3 The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work. The Contract Documents are complementary, and what is required by any one shall be as binding as if required by all. Performance by the CONTRACTOR shall be required only to the extent consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the intended results. Words and abbreviations which have well-known technical or trade meanings are used in the Contract Documents in accordance with such recognized meanings unless otherwise specifically defined herein. The table of contents, index, titles, headings, running headlines and marginal notes contained herein and in said documents are solely to facilitate reference to various provisions of the Contract Documents and in no way affect, limit or cast light upon the interpretation of the provisions to which they refer.
- 1.2.4 The organization of the Specifications into divisions, sections and articles, and the arrangement of Drawings is for clarity only, and shall not control the CONTRACTOR in dividing the work among SubCONTRACTORS or in establishing the extent of Work to be performed by any trade. The CONTRACTOR may subcontract the Work in such divisions as he sees fit and he is ultimately responsible for furnishing all work shown on the drawings and/or in the specifications.
- 1.2.5 Anything shown on the drawings and not mentioned in the specifications or mentioned in the specifications and not shown on the drawings shall have the same effect as if shown or mentioned respectively in both. Technical specifications take priority over general specifications and detail drawings take precedence over general drawings. Any work shown on one drawing shall be construed to be shown in all drawings and the CONTRACTOR will coordinate the work and the drawings. If any portion of the Contract Documents shall be in conflict with any other portion, the various documents comprising the Contract Documents shall govern in the following order of precedence: The OWNER-CONTRACTOR Agreement; Modifications; Addenda; any Supplementary Conditions; the General Conditions; the Specifications; the Drawings; as between schedules and information given on Drawings, the schedules shall govern; as between figures given on Drawings and the scaled measurements, the figures shall govern; as between large-scale Drawings and small scale Drawings, the larger scale shall govern. Any such conflict or inconsistency between or in the drawings shall be submitted to the OWNER'S REPRESENTATIVE whose decision thereon shall be final and conclusive.

- 1.2.6 The CONTRACTOR agrees that nothing contained in the Contract Documents or any contract between the OWNER or the OWNER'S REPRESENTATIVE shall create any contractual relationship between the OWNER'S REPRESENTATIVE or between the OWNER, OWNER'S REPRESENTATIVE, and any Subcontractor or Sub-SubCONTRACTORS. The CONTRACTOR acknowledges and agrees that this Contract is not intended to create, nor shall any provision be interpreted as creating, any contractual relationship between the OWNER or CONTRACTOR and any third parties.
- 1.2.7 The provisions of this Contract cannot be amended, modified, varied or waived by the OWNER or its agents or REPRESENTATIVE'S in any respect except by a Modification approved and executed by the Tampa Sports Authority. The CONTRACTOR is hereby given notice that no person has authority to orally waive, or to release the CONTRACTOR from any of the CONTRACTOR'S duties or to alter obligations under or arising out of this Contract. Any waiver, approval or consent granted by Modification to the CONTRACTOR shall be limited to those matters specifically and expressly stated thereby to be waived, approved or consented to and shall not relieve the CONTRACTOR of the obligation to obtain any future waiver, approval or consent.
- 1.2.8 Any material or operation specified by reference to published specifications of a manufacturer, a society, an association, a code, or other published standard, shall comply with requirements of the listed document which is current on date of receipt of bids. In case of a conflict between referenced document and project specifications, project specifications shall govern. In case of a conflict between referenced documents, the one having more stringent requirements shall govern.
- 1.2.9 The CONTRACTOR, if requested, shall furnish an affidavit from manufacturer certifying that materials or product delivered to job meets requirements specified.
- 1.3 OWNERSHIP AND USE OF DOCUMENTS
- 1.3.1 All Drawings, Specifications and copies thereof furnished by the OWNER'S REPRESENTATIVE are and shall remain his property. They are to be used only with respect to this Project and are not to be used on any other project. With the exception of one contract set for each party to the Contract, such documents are to be returned or suitably accounted for to the OWNER'S REPRESENTATIVE on request at the completion of the Work. Submission or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of the OWNER'S REPRESENTATIVE'S common law copyright or other reserved rights.

Part 1 General

1.01 Schedules

A. Project Schedule - Critical Path Items

Monday September 12, 2011

Bid Opening, 10:00 AM

Monday September 26, 2011

Notice To Proceed (tentative)

Friday October 14, 2011

Final Completion(see conditions below)

Contractor shall have nine working days in which to perform the actual work. This contract also involves the coordination of the removal and reinstallation of a lightening arrestor system and several aerial antenna and other equipment. The reroof must be complete and all systems reinstalled, tested and functioning on the final completion date. Should the Owner's event schedule interfere with this timeframe, the next window of opportunity shall be October 24 through November 4, 2011.

B. Schedule Requirements

Work under this Section shall consist of furnishing a Construction Schedule showing in detail how the CONTRACTOR plans to execute and coordinate the Work. The Contract Schedule shall be based on and incorporate the Contract Milestone and Completion Dates specified in the OWNER-CONTRACTOR Agreement and shall show the order in which CONTRACTOR shall perform the Work, projected dates for the start and completion of separable portions of the work, and any other information concerning CONTRACTOR'S Work scheduling as Owner may request. The proposed Construction Schedule and related Schedule of Values must be submitted to the OWNER'S REPRESENTATIVE prior to mobilization of the site.

Work shall occur in phases to allow OWNER access to building on some portion of the property at all times. CONTRACTOR shall provide and place barricades to protect WORK area from unauthorized traffic. This phasing also includes the coordination of Work in circulation areas so as not to cut off OWNER'S access to such portions of the building. CONTRACTOR's schedule must also take into account the closure of areas that may temporarily restrict access to the loading dock for deliveries or the main entrance to the property. Such closures must be carefully scheduled with OWNER so as to allow ample notice to those affected. These closures may occur off hours; however the additional cost of such must be accounted for in the Base Bid and any off hours work will occur at no additional expense to OWNER. Work schedule shall also be coordinated with OWNER to allow access to the building for planned events that may be taking place in the facility

C. Updates and Revisions

The chart shall be updated to show actual progress and the effect of modifications, delays and other events.

The updated Construction Schedule submitted by CONTRACTOR shall not show a completion date later than the Contract Time, subject to any time extensions approved by Owner. If CONTRACTOR believes he is entitled to an extension of the Contract under the Contract Documents, CONTRACTOR shall submit to the OWNER'S REPRESENTATIVE, a request for a time extension as required under the General Conditions, Article 8. To the extent any time extension requests are pending at the time of any update in the Construction Schedule the "Requested Time Adjustment Schedule" shall also be submitted to reflect any adjustments made

by CONTRACTOR in the Construction Schedule.

Neither the updating of CONTRACTOR's work schedule nor the submission, updating, change or revision of any other report or schedule submitted to Owner by CONTRACTOR under this Contract nor review or nonobjection of the OWNER'S REPRESENTATIVE of any such report or schedule shall have the effect of amending or modifying, in any way, the Contract Completion Date, Milestone Dates or of modifying or limiting in any way CONTRACTOR's obligations under this Contract.

All of CONTRACTOR's detailed calculations and documents supporting all schedules, reports, and forecasts shall be available to the OWNER'S REPRESENTATIVE on request.

Each updated Construction Schedule submitted by CONTRACTOR to the OWNER'S REPRESENTATIVE shall be accompanied by a narrative report which reflects the following:

1. Description of Work accomplished since submission of previous progress schedule;
2. Comparison of the actual status of the Work with CONTRACTOR's project schedule;
3. Status of equipment and material deliveries;
4. Personnel staffing schedule;
5. Causes of any delays
6. Revision of schedules; and
7. Action proposed to restore schedule.

Should any activities shown on the CONTRACTOR's Construction Schedule fall behind schedule to the extent that any of the mandatory specific or milestone dates or completion dates are in jeopardy, the CONTRACTOR shall be required to, at no extra cost to the Owner, prepare and submit to the OWNER'S REPRESENTATIVE a supplementary Recovery Schedule, in a form and detail appropriate to the need, to explain and display how he intends to reschedule those activities to regain compliance with the Construction Schedule during the immediate subsequent period.

D. Schedule of Off-Site Activities

The CONTRACTOR shall include in his Construction Schedule all procurements related activities which lead to the delivery of materials to the site in a timely manner. Upon written approval by the Owner, these activities may be submitted as a separate Off-Site Activities Schedule, properly correlated to the Construction Schedule. The schedule of off-site activities shall include, but is not limited to, the following:

1. Dates for submittals, ordering, manufacturing, or fabricating and delivery of equipment and materials. Long lead items requiring more than one month between ordering and delivery to site shall be clearly noted;
2. All significant activities to be performed by the CONTRACTOR during the fabrication and erection/installation in a CONTRACTOR's plant or on a job site, including materials/equipment purchasing, delivery; and
3. CONTRACTOR's drawings and submittals to be prepared and submitted through the OWNER'S REPRESENTATIVE to the Owner or Design Professional for approval.

The CONTRACTOR shall be solely responsible for expediting the delivery of all materials to be furnished by him so that the construction progress shall be maintained according to the current

schedule for the Work as approved by the OWNER'S REPRESENTATIVE.

The OWNER'S REPRESENTATIVE shall be advised in writing by the CONTRACTOR wherever it is anticipated or determined by the CONTRACTOR that the delivery date of any material and/or equipment furnished by the CONTRACTOR shall be other than as indicated in the project schedule or as otherwise communicated to the OWNER'S REPRESENTATIVE.

E. Float Time

Float or slack time is defined as the amount of time between the earliest start date and the latest start date or between the earliest finish date and the latest finish date of an activity on the construction. Float or slack time is for the exclusive use and benefit of the Owner. The CONTRACTOR acknowledges and agrees that actual delays, affecting activities containing float time, will not have any affect upon contract completion times, providing that the actual delay does not exceed the float time associated with those activities.

Extensions of time for performance as described in the Contract Documents will be granted only to the extent that time adjustment for the activity or activities affected by any condition or event which entitles the CONTRACTOR to a time extension exceed the total float or slack of the affected activity at the time of issuance of a Change Order or the commencement of any delay or condition for which an adjustment is warranted under the Contract Documents.

1.02 Coordination

The CONTRACTOR shall coordinate his work with that of other CONTRACTORS and shall cooperate fully with the OWNER'S REPRESENTATIVE in maintaining orderly progress toward completion of the work as scheduled. The OWNER'S REPRESENTATIVE's decisions regarding priority between the CONTRACTOR's work and the work of other CONTRACTORS at the site shall be final and shall not be cause for extra compensation or extension of time, except where extension of time is granted because of a delay for which CONTRACTOR is otherwise entitled to an extension of time under the Contract Documents.

Coordination shall also occur as outlined above in Paragraph 1.01 B.

The milestone dates referred to in the Contract Documents for delivery of Owner-furnished equipment and materials and interface activities of other CONTRACTORS on the site are based on dates set forth in separate contracts with the Owner and represent the information available at this time.

Failure of Owner-furnished equipment and materials to arrive as scheduled, or failure of other construction CONTRACTORS to meet their schedule, shall not be justification for an extension of time, except where such failure causes, in the opinion of the OWNER'S REPRESENTATIVE, an unreasonable delay in the CONTRACTOR'S work, in which case the provisions of the General Conditions regarding extensions of time and extra work shall apply.

The CONTRACTOR shall keep himself, and his subcontractors, advised at all times during the course of the Work regarding delivery status of Owner-furnished equipment and materials and of the progress of construction work being performed under separate contracts.

1.03 CONTRACTOR Covenants and Guarantees

CONTRACTOR covenants and guarantees that CONTRACTOR will not:

- A. Misrepresent to OWNER'S REPRESENTATIVE its planning scheduling or execution of the Work;
- B. Utilize schedules materially different from those provided by CONTRACTOR to the OWNER'S REPRESENTATIVE.

C. Prepare schedules, updates, revisions or reports for the work which do not accurately reflect the actual intent or reasonable and actual expectations of CONTRACTOR and its Subcontractors as to:

1. The sequences of activities,
2. The duration of activities,
3. The responsibility of activities,
4. Resources availability,
5. Labor availability or efficiency,
6. Foreseeable weather conditions,
7. The value associated with the activity,
8. The percentage complete of any activity,
9. Completion of any item of work or activity,
10. Project milestone completion,
11. Delays, slippages, or problems encountered or expected,
12. Subcontractor requests for time extensions or delay claims of subcontractors, and
13. If applicable, the float time available.

CONTRACTOR'S failure to substantially comply with the foregoing covenant and guarantee shall be a substantial and material breach of contract which will permit Owner to terminate Contract for default, or withhold payments under the Contract Documents, and shall entitle Owner to the damages afforded for misrepresentation or fraud by these Contract documents or applicable law.

Should CONTRACTOR fail to substantially comply with the provisions of the Contract documents relating to planning, scheduling and execution of the Work by the overall project schedule, the OWNER'S REPRESENTATIVE shall have the right, at their option, to retain the services of scheduling consultants or experts (including attorneys if necessary in their opinion) to prepare a schedule in accordance with the Contract Documents and to review and analyze same, in order to allow OWNER'S REPRESENTATIVE to evaluate the program of the Work by CONTRACTOR, to determine whether CONTRACTOR is substantially complying with the Contract Documents, and to direct such action on the part of the CONTRACTOR, as permitted by the Contract Documents, as required to ensure, under the owner's schedule prepared hereunder, that CONTRACTOR will comply with such schedule. All costs (including attorneys' fees) incurred by OWNER'S REPRESENTATIVE in preparing the schedule hereunder shall be charged to CONTRACTOR's account or deducted from retainage. If CONTRACTOR fails to substantially comply with the scheduling and execution of the work requirements of the Contract Documents, CONTRACTOR hereby agrees, in such instance, to comply with such schedules, as the OWNER'S REPRESENTATIVE develops, or directions, and activity sequences and durations as the OWNER'S REPRESENTATIVE may reasonably require, without additional cost to the Owner (subject only to cost adjustments for such changes in the Work as the Owner may direct by written change order), to ensure completion within the Contract Time.

1.04 Default

Failure of the CONTRACTOR to substantially comply with the requirements of this Section shall constitute reason that the CONTRACTOR is failing to prosecute the Work with such diligence as will insure its completion within the Contract times and shall be considered grounds for termination by the Owner, pursuant to the General Conditions.
